Top Tier... from the front office, to the doctors, and the technicians... everyone is friendly and professional!! You are always greeted with a smile, and I highly recommend them. Even the after hours customer service goes above and beyond to help you. My treatment plan was 2 years and 8 months; so this review is not from one or two encounters! I am very happy with the care I received, and my results.

I'll start by saying, I have never been confident in my smile. As a 36 year old man that hasn't always maintained good oral hygiene. I thought there wasn't much hope for me.... I started taking things seriously and decided I wanted to correct my smile and the journey so far has been worth it.... reynolds has made me comfortable and has been extremely flexible with really helps for the kind of work I do. I can't say enough good things about this team!

I'm a more "mature" patient and have never been to an orthodontist for myself. I was impressed at the friendliness of the front desk, the clean, comfortable waiting room but most of all I was very impressed with the care team. I met with Teresa and she explained in detail what my visit would entail. She walked me through the entire screening process and made me very comfortable with every step. My husband and I sat down with Teresa and Dr Jen and they answered all our questions from treatment plans to finance. We left the office with no pressure to make any decisions and that made us very comfortable. I look forward to starting my orthodontic journey with them, assured that I am in good hands. I would confidently recommend the practice to anyone - young or old.
